SUMMARY: In conformity with Title 13, United States Code, Sections 182, 224, and 225, I have determined that a 1995 Company Organization Survey is needed to update data on the multi-establishment companies in the Standard Statistical Establishment List. The survey, which has been conducted for many years, is designed to collect information on the number of employees, payrolls, geographic location, current status, and kind of business for the establishments of multi-establishment companies. These data will have significant application to the needs of the public and to governmental agencies and are not publicly available from nongovernmental or governmental sources.

FOR FURTHER INFORMATION CONTACT: Edward D. Walker on (301) 457-2617.

SUPPLEMENTARY INFORMATION: The data collected in this survey will be within the general scope, type, and character of those that are covered in the economic censuses.

This survey has been approved by the Office of Management and Budget (OMB) under Control No. 0607-0444 in accordance with the Paperwork Reduction Act, Public Law 96-511, as amended. Annual Survey of Communication Services

AGENCY: Bureau of the Census, Commerce.

ACTION: Notice of determination.

SUMMARY: In accordance with Title 13, United States Code, Sections 182, 224, and 225, I have determined that 1995 data on operating revenue and expenses are needed for the telephone, radio and television broadcasting, cable and pay television, and other communication services industries to provide a sound statistical basis for the formation of policy by various governmental agencies, and that these data also apply to a variety of public and business needs. These data are not publicly available from nongovernment or other governmental sources.

FOR FURTHER INFORMATION CONTACT: Thomas E. Zabelsky, Chief, Current Services Branch, Services Division, on (301) 457-2766.

SUPPLEMENTARY INFORMATION: The Census Bureau is authorized to conduct surveys necessary to furnish current data on subjects covered by the major censuses authorized by Title 13, United States Code. This survey will provide continuing and timely national statistical data on communication services for the period between economic censuses. The next economic census is in 1997. The data collected in this survey will be within the general scope and nature of those inquiries covered in the economic censuses.

The Bureau of the Census needs reports only from a limited sample of communication firms in the United States. The probability of a firm's selection is based on revenue size (estimated from payroll). The sample will provide, with measurable reliability, national level statistics on operating revenue and expenses for these industries. We will mail report forms to the firms covered by this survey and require their submission within thirty days after receipt.

This survey has been approved by the Office of Management and Budget (OMB) under OMB Control Number 0607-0706 in accordance with the Paperwork Reduction Act, Public Law 96-511, as amended. We will provide copies of the forms upon written request to the Director, Bureau of the Census, Washington, D.C. 20233.

Based upon the foregoing, I have directed that the Annual Survey of Communication Services be conducted for the purpose of collecting these data.

Dated: December 13, 1995.

Director, Bureau of the Census.
